8. DISCUSSION ITEM:

- a. [2018-667](#) Ordinance Updates

Ms. Laura Talley stated the City will be updating the Ordinances and an

RFP has been submitted. There will be a subcommittee to join the consultants for a review process. There will be involvement with the community, the Planning and Zoning Commission and City Council as well as the Mayor. The project will allow for all the ordinances to be updated and rewritten with cohesiveness. Mr. Nick Colonna stated we will make sure the updates are connected with the Boerne's approved Master Plan.

Commissioner Chapman asked if there are items we could fix sooner before the ordinances updates are completed. Ms. Talley stated yes the Planning department will look at various items.

Commissioner Pena asked about historic preservation and saving a home by moving it rather than demolition. Mr. Colonna stated that moving a home would be researched as a possibility.

Commissioner Hayward spoke in regards to neighborhood groups and the importance of public outreach according to the RUDAT study to grow to the next level in the community.

Commissioner Sena asked to have more details of the Historical District not being expanded years ago. Ms. Talley explained that the community was in opposition of expanding the historical district and felt that the City was overreaching with the control of their property. The community as a whole expressed concerns that expanding the district felt placed too many restrictions on their properties. The stricter Historical District guidelines such as requested paint colors, would be enforced. As a result, Ms. Talley explained, the City is looking into how to make specific homes or property Landmarks rather than expanding the Historical District as a whole.
